GSA ALLIANT SMALL BUSINESS

The GSA Alliant Small Business (ASB) Governmentwide Acquisition Contract (GWAC) is an easy to use, pre-competed vehicle that provides access to 69 premier Information Technology (IT) contractors nationwide. As an indefinite-delivery, indefinite-quantity contract, ASB is designed to offer federal agencies a robust set of IT solutions to efficiently meet current requirements and emerging needs. The scope of ASB encompasses all components of an integrated IT solution including infrastructure and related services, applications and related services, and IT management services as well as auxiliary services.

Alliant Small Business Features	Benefits
Proven contract vehicle with over \$2 billion in awards across 124 task orders. Supports a \$15 billion ceiling	Robust program activity facilitates high amount of participation, continuously increasing high quality available resources
Offers 5-year base period plus one 5-year option and task orders can be awarded to the last day	Enables long-term planning of large-scale program requirements
Offers all contract types, including fixed-price, cost-reimbursement, labor-hour, and time-and-material terms	Provides flexibility of contract types to ensure precise use of budgetary resources
Aligns scope with Federal Enterprise Architecture or DoD Architecture Framework standards to conform with Office of Management and Budget policy mandates	Keeps IT products and solutions within budget, facilitates adaptation of a cost-effective template for continuously emerging technology needs
4 to 5 bids on average per task order request	Right number of proposals for competitive evaluation while meeting quick timelines
Seasoned GWAC contracting officials conduct free evaluation that determines whether project is within Alliant SB scope	Assurance that Statements of Work (SOW) meet scope requirements while also accomplishing the acquisition objective
Ancillary support (products/services) permitted when necessary in support of IT requirements	Facilitates integrated IT solutions through flexibility in scope inclusive of ancillary support (products/services)
Offers a multi-phased process in accordance with FAR 15.202, 16.505b	Pre-qualifies vendors, reduces amount of procurement lead time and cost in the preparation and review of proposals
Delegation of Procurement Authority (DPA) issued via brief webinar or upon review of ASB ordering guide	Minimal lead time required to obtain a DPA and begin using the GWAC; DPA training earns 2 Continuous Learning Points (CLP)
Compliance with Section 863 of National Defense Authorization Act (NDAA) 2009	Supports price competition/"best value" through the FAR 16.505 Fair Opportunity process

Strengthen IT Management "Make the IT organization more effective"	<ul style="list-style-type: none"> Tailor best practices for IT management including ISO 20000 and CMMI to client mission, goals, and operations

CUSTOMER TESTIMONIALS

Here is a sampling of what our customers are saying about us...

U.S. DEPARTMENT OF AGRICULTURE "Phacil's work has been USDA's biggest success story of the year... Phacil has consistently demonstrated a commitment to quality and a strong emphasis on proactivity. They assumed control of an environment steeped in inefficient, legacy processes and made immediate improvements and innovations, which began paying off in short order. They did so at significantly less cost and at a higher quality than in previous engagements with other contractors..."

U.S. ARMY "A key aspect of Phacil's support is the management of the Army SBIR Management Portal. The Portal has had 100% uptime during this period. In fact, all quality metrics under the contract have been met or exceeded."

MISSILE DEFENSE AGENCY "Phacil's contract Team is 'Exceptional' in all evaluation areas: Quality of Product or Service, Schedule, Cost Control, Business Management, and Management of Key Personnel."

U.S. PATENT AND TRADEMARK OFFICE "In administering the order with Phacil, I have had very positive experiences. It is helpful dealing with proven contractors with experience with the Federal Government."
